To Whom it may concern:

Dear Sir and Madam

This letter is to confirm that Azzuro Solar is an accredited supplier of Solar Water Heater Company of EECA.

Azzuro Solar domestic solar water heaters (DSWH's) are high performance systems. The CPC evacuated tube collector panels were designed and developed in Germany. Azzuro Solar DSWH's are manufactured and installed in accordance with the following European, Australian and New Zealand standards:

Product manufacture

- AS/NZS 2712 Solar and heat pump water heaters – Design and construction
- NZS 4613
- Code of Practice for Manufacture and Installation of SWH Systems in NZ

Energy performance

- EN 12975-2 – Report of Performance Test for a glazed Solar Collector
- AS 4234 - Product energy output

Installation

- **NZBC G12/AS2 –Acceptable Solution G12/AS2 for Solar Water Heaters**
- AS/NZS 3500.4 Plumbing and drainage, part 4 – Heated water services
- “Code of Practice for Manufacture and Installation of SWH Systems in NZ”

Impact resistance

- DIN EN 12975-2 (25mm hail stones at 23 m/s)

To ensure high installation standards are maintained and to ensure systems operate at maximum performance and efficiency, Azzuro Solar DSWH's must only be installed by Azzuro Solar accredited specialists.

Please don't hesitate to contact us if you need any more information.

Regards

Azzuro Solar NZ Limited
